Sir,

I have the honour to state that in accordance with the directions of Government conveyed in their order No. L. 9479-99/ V.P. 63-36-27 dated 23rd May 1938, a committee was constituted in this district consisting of the Deputy Commissioner, Executive Engineer and the President, District Board and the following three non-official gentlemen representing the Village Panchayats.--

1. Mr. Eswarappa, Patel & V.P. Chairman, Chinikatte village, Honnali Taluk.
2. Mr. Gurunatha Krishna Nadigar, R.A. Member and Member of the District Board, Sakunavalli village, Sorab Taluk.
3. Mr. Jaffer Mohideen Sab, V.P. Chairman, Mandagadde village, Thirthahalli Taluk.

The Committee met for the first time on the 20th ultimo and reviewed the list of wells that had been previously obtained from the Amildars. The five-year programme of the wells was prepared and particularly for this year, it has been proposed to take up 210 well works as per details noted in the margin. It is expected that it would be possible to spend about Rs 75,000/- during this year on these wells

SIR,

Regarding the initial instalment of Government contribution to be paid into the Rural Water supply Fund, Kadur District.

---

Adverting to your letter No.C.618/38-39 dated 6th August 1938 on the above subject, and to my personal discussion with you in the matter at Birur, I have the honour to enclose herewith a statement in the form required by you showing the initial instalment of Government contribution to the above fund required for this District during the current year.

2. With regard to the number of villages without wells, the information is only approximate as this excludes in many cases Dakale villages which are also not included in the number of villages in each taluk. The Government Grant proposed for the currentyear is Rs.59,650/- and the Panchayet contribution proposed is about Rs.77,014/- as per detailed lists for each Taluk worked out at ~~the~~ meeting of the Committee at which the Sub Division Officers and the Amildars were also present. For facility of reference, I am separately sendingmyou a copy of the detailed lists for each Taluk. The programme for the current year is an ambitious one, but every effort will be made to see that the same is pushed through as far as possible during the currend year*/y* only.

3. In this connection, I wish to invite attention to para 4 of the Government Order and since according to this order the fund has

fund has to be administered by the Deputy Commissioner which means that all the bills have to be got to my office and payments - arranged through my office it is very necessary to have the services of an accountant so that the bills may be scrutinised and audited in detail before payment, and I would also prefer the - accountant to be men from the Comptroller's Office so that he - might possess the necessary qualifications and experience to - scrutinise and audit these bills.

4. Regarding the agency for the work, there are at present Panchayet Sub Overseers at Chickmagalur, Kadur and Tarikere and these people could look after the well works in that area. There are no Sub Overseers in Mudigere, Koppa and N.R.Pura Taluks and it seems to me that to look after the well works in these places and also to generally scrutinise the estimates and give technical assistance to the Deputy Commissioner an overseer preferably a Graduate of the Engineering College may also be sanctioned for this District, unless Government are pleased to appoint a Sub Engineer as contemplated in the order. I may add that the cost of the establishment proposed including the Village Panchayet Suboverseer referred to above would not exceed Rs.400/- per month or Rs.4800/- per annum

| | | | |

Sir,

Subject:- Monthly progress report of work done in the preparation of a programme of Drinking water Wells.

With reference to your letter No.C.618/38-39 dated 6th August 1938 on the above subject, I have the honour to submit the following report showing the progress made during the month of July 1938.

1. The Amildars were instructed to prepare a correct up to date list of Drinking water wells required to be sunk or improved in each taluk arranged in the order of urgency and importance showing therein the contribution payable by the village Panchayets.

2. The Sub Division Officers were requested to scrutinise the lists received from the Taluks in their Division and submit a consolidated list to the District Office.

3. The Amildars were directed to submit a statement shewing the unutilised grants sanctioned in previous years for Drinking Water Wells as required in para 1 of your letter.

4. The President District Board was addressed to intimate the allotment provided in the District Board Budget for 38-39 towards Drinking Water Wells and to credit the same to the "Rural Water Supply Fund".

5. The President was also requested to instruct the sanitary Inspectors to assist the Amildars in preparing estimates pending appointment of a special staff.

6. Arrangements were made for holding a meeting of all Officers including the Executive Engineers of Mysore and Mandya Divisions and the President, District Board, on 20th and 21st August 1938 for drawing up a programme of well works and fixing the initial instalment of Government Contribution for the current year.

Further details will be reported in the report to be submitted for August 1938.

Letter No.V.P.C. 3526/37-38 dated 19th September 1938, from the Deputy Commissioner, Tumkur District, to the Revenue Commissioner in Mysore.

---

With reference to your docket No.C.618/38-39 dated 7th September 1938 inviting reference to para 8 (a) (1) (iv) of Government Order No.L.9479-99/V.P. 63-36-37 dated 23rd May 1938 prescribing the monthly progress reports of the work done in regard to the execution of D.W. wells under the revised procedure and requesting that progress reports for July and August 1938 may be submitted immediately, I have the honour to state that the work done during the months of July and August 1938 was as follows:--

Detailed proposals regarding the five year programme of well works required in each Taluk were obtained from the Amildars in July. The first meeting of the Rural Water Supply Funds Committee of the District was held on 12th August 1938 for the selection of wells to be taken up during 1938-39 etc., and the list of well-works selected in each Taluk have been sent to the Amildars concerned for submitting detailed estimates in respect of those works with necessary particulars as to how to meet the amount of estimate etc., before the 15th September 1938. A copy of the proceedings of the meeting has been forwarded to you with this office letter of even number dated 4th September 1938.

After the estimates are received, they will have to be got scrutinized by the Executive Engineer where necessary, and their sanction communicated to the Amildars with instructions as to the agency that has to execute the works etc. The works will have to be taken up only after their sanction i.e., from the first week of October 1938.

The monthly reports of the progress in the execution

P.T.O.

Monthly progress report of drinking water wells for the months of July, August and September 1938.

---

With reference to your docket No.C.618/38-39 dated 7th September 1938, on the above subject, I have the honour to state that in accordance with Government Order No.L.9479-99/V.P.63-36-37 dated 23-5-1938 regarding drinking water wells, a Committee was constituted in the District, consisting of the Deputy Commissioner, Executive Engineer and President, District Board and the marginally noted three non-official gentlemen representing the Village Panchayets. The Committee met for the first time on the 20th July 1938 and decided to take up 210 well works as per details mentioned below in the order of urgency.

1)Mr.Eswarappa,Patel and V.P. Chairman,Chinikatte village,Honnali taluk.
2)Mr.Gurunathakrishna Nadigar, R.A.Member and member of the District Board,Sakunvavalli village, Sorab taluk.
2)Mr.Jaffar Mohideen Sab,V.P. Chairman, Mandagadde village, Thrithahalli taluk.

| Taluk. | No. of wells to be sunk. |
|---|---|
| 1.Shimoga | 25 |
| 2.Chennagiri | 25 |
| 3.Honnali | 20 |
| 4.Tirthahalli | 25 |

| 6.Sagar | 30 |
| 7.Sorab | 30 |
| 8.Nagar | 20 |
| 9.Shikarpur | 25 |
| Total: | 210 |

The unspent balances availalbe at the credit of the Village Panchayets have been credited to"The Rural Water Supply Funds" by all the Amildars except the Amildar, Thirthahalli taluk which amount to Rs.20306-3-0. The President of the District Board has not credited the amounts and wants the incomplete well works to be completed by him alone.

As per Government Order No.L.i-io/V.P.34-38-7 dated 1-10-1938 a sum of Rs.35000 is allotted to this District for the current year for sinking drinking water wells in the several villages.

The Executive Engineer has been requested to kindly arrange to forward the estimates of the wells works to be taken up during the current year. Soon after the receipt of the estimates, action will be taken up to sink wells expeditiously.

Eleven estimates amounting to Rs.13388-8-0 in Shikarpur Taluk were sanctioned to the affected villages.

7 Estimates for well works in the affected villages of Sorab taluk are under sanction.

The

The incomplete works are under progress and bills are being received.

The Comptroller to the Government of Mysore, has been written to, to prescribe the procedure relating to the operation of the funds.

Monthly progress reports of the execution of Drinking water-wells in villages:-

---

Sir,

Adverting to paragraph 8(1) (iv) of Government order No. 9489-99/V.P.63-36-27 dated 23rd May 1938, on the above subject directing that the monthly progress reports in this behalf should be checked in the District Office, placed before the meetings of the District Committee and submitted to Government through the Revenue Commissioner etc., I have the honour to forward herewith a copy of Kadur Deputy Commissioner's letter No.A6.1/37 dated 4th November 1938, received in the matter and to state that the Deputy Commissioner has sought instructions as to whether it is necessary to call for a meeting every month to review the progress made or whether it would be enough if the report is circulated among the members furnishing them also with a copy thereof. I think it unnecessary to call a meeting every month only for the purpose of reviewing the progress of work. These meetings may be held whenever the Deputy Commissioner as Chairman of the Committee feels it necessary to discuss urgent and important matters of a general nature. A copy of the letter I have addressed to the Deputy Commissioners in the matter is enclosed herein for the information of Government.

I may mention in this connection, that there is no uniformity in the progress reports as now received from the Deputy Commissioners and consequently it has not been possible to consolidate the information furnished by them. With a view to get the necessary information, the annexed two forms for showing the progress of work made every month, are proposed. I request that Government may be pleased to accord sanction to their being adopted.

I have the honour to be,

Sir,

Your most obedient servant,

Abdul Wajid.

Drinking water-wells- execution of -progress reports -monthly.

---

With reference to your docket No.C.Per.M.30.4/38-39 dated 31-10-1938,regarding the submission of monthly progress reports of the execution of Drinking water-wells etc., I have the honour to state that the montnly progress reports for July and August 1938,have been submitted to your office on the marginally noted dates, in accordance with your circular instructions contained in C.No.618/38-39 dated 6/7/9-1938. The return for September 1938,will be submitted today. Monthly progress reports will also be arranged,in future,to be submitted before the 10th of every month. In this connection kind attention is invited to my letter No.A6.1/38-39 dated 24-10-1938,forwarding the proceedings of the informal meeting with the Executive Engineer,Sub Division Officers and President,District Board and distributing the allotments and also submitting the procedure to be adopted and the establishment necessary for executing these works. Orders regarding the establishment are awaited and in the meanwhile the Amildars have been directed to get up the estimates and fix up places for sinking wells and wherever possible start the works. I am afraid therefore much progress could not be shown for these months. Further in these malnad parts as the water table would in the monsoon months, up to February,be quite high and we could not state how deep the wells should go to ensure adequate water supply and also to reduce bailing charges the Amildars have been advised not to unnecessarily undertake deepning till the water level goes down and they have been told to fix the depth to which the well should go only in April and May and to take up revetment work only afterwards. They have been however asked to keep all the materials ready so that the works could be completed by the middle of May and before the monsson sets in.

For July 1938- 12-10-1938.
For August 1938.14-10-38.

57/

As regards the placing of the monthly progress reports before the meetings of the District Committee as required in the G.O.and in your office communication under reply, I beg to enquire whether it is necessary to call for a meeting every month, or whether it would not be enough to circulate the progress reports with my review to the Members furnishing them also a copy thereof. The members usually have no personal knowledge of the requirements of other taluks and often even of their own taluk except some important places and they would therefore be interested not in the individual works but in the general progress of expenditure. I beg to suggest therefore that if there is objection the meetings be held either quarterly or half yearly unless there are important matters for discussion when of course a meeting it could be called. The monthly progress reports will be circulated to them and remarks if any attended to. Definite instructions are solicited.

Monthly progress reports of the execution of drinking water wells in villages.

With reference to paragraph 3 (a) (ix) of Government order No.. 9479-99/V.P.63-36-27 dated 23rd May 1938, on the above subject, has the honour to forward herewith a copy of paragraph 2 of Kadur Deputy Commissioner's letter No.A6.1/37 dated 4th November 1938, soliciting instructions as to whether it is necessary to call for a meeting every month to review the progress made in this behalf or whether it would be enough if the progress report is circulated among the members furnishing them also with a copy thereof etc., has the honour to state that the Government order does not contemplate the meeting of the Committee every month only for the specific purpose of reviewing the progress of work. These meetings may be held whenever the Deputy Commissioner as chairman of the District Committee feels it necessary to discuss urgent and important matters of a general nature. But whenever the Committee meets, the progress of work made so far should be reviewed by the Committee and at other times it is enough if the reports are circulated to the members.
